

"INSPIRED BY THE WORLD, CURATED FOR YOU."

OUR STORY

With **27+ years** of expertise in furniture manufacturing, Urban Home brings global trends to you with a perfect blend of craftsmanship and innovation. Serving **35+ countries** across **six continents**, we specialize in upholstered and wooden furniture inspired by diverse cultural influences, from Scandinavian minimalism to rustic elegance. Our **international design team** and trend experts ensure each piece aligns with evolving **global styles**. Backed by advanced manufacturing, including **5-axis CNC routers**, **CNC tenon mortisers**, **HF drawer assemblers**, and many more, we guarantee precision and durability. Committed to sustainability, we source ethically and follow eco-friendly production practices, delivering timeless designs with quality and responsibility.

LINEAR LUXE

Discover the timeless allure of our Linear Luxe Collection, a masterfully designed range of furniture meticulously fashioned from the warm, enduring embrace of solid wood. Each piece in this collection is a testament to the perfect fusion of classic craftsmanship and contemporary style, making it a stunning addition to any space.

The defining feature of the Linear Luxe Collection lies in its exquisite use of spindle-inspired detailing, offering a harmonious blend of form and function. These finely turned spindles create a sense of delicate artistry while providing structural support, making each piece both beautiful and robust.

EARTHNEST

The EarthNest Collection brings together the raw beauty of nature with the clarity of modern geometry. Defined by clean lines, sharp edges, and minimal silhouettes, this collection is a refined expression of natural textures and thoughtful craftsmanship.

Crafted using cane, rattan, and solid wood, each piece is designed with a grounded simplicity that reflects nature's palette—yet reinterpreted through a contemporary lens. The collection balances earthy materials with precise forms, creating pieces that are both warm and architectural.

Perfect for modern spaces seeking a sense of organic structure, EarthNest is where tactile comfort meets timeless linearity.

The wooden cane bed centers around an earthy, breathable aesthetic that celebrates natural textures and soft contrasts. At its heart is a rich, warm-toned wooden frame, complemented by light, woven cane panels that add airiness and visual interest. The palette embraces sandy neutrals, off-whites, muted olives, and terracotta accents to evoke a grounded, serene environment. Styling includes linen or cotton bedding in soft neutrals, layered with textured throws and cushions. Surrounding elements like rattan planters, ceramic vases, woven pendant lights, and natural fiber rugs enhance the organic, slow-living mood — creating a calming sanctuary that feels both artisanal and effortlessly elegant.

THE DUNE

The Dune Collection takes inspiration from the wind-swept dunes of soil and sand, capturing their natural flow and layered textures through elegant fluted wood detailing. Designed with a modern sensibility, each piece in the collection features clean lines, soft curves, and a grounded silhouette that echoes the calming forms of desert landscapes. The warm, earthy wood tones and rhythmic vertical grooves add depth and tactility, bringing organic movement into contemporary living spaces. Dune is where earth-inspired design meets modern minimalism, offering timeless furniture with a sculptural soul.
